

HOW TO PREPARE FOR YOUR REMODELING PROJECT

- ENTIRELY EMPTY ALL CABINETS THAT ARE BEING REFACED. YOU MAY REMOVE ANY DRAWER BOXES THAT ARE BEING REPLACED. DO NOT PEEL OFF ANY SHELVING PAPER THAT WILL LEAVE A STICKY RESIDUE.
- ORGANIZE A MINI-KITCHEN IN A NEARBY ROOM. YOU WILL FIND IT VERY HELPFUL TO HAVE SILVERWARE, GLASSES, BOWLS, MUGS, PAPER PLATES, CEREAL, BREAD, MICROWAVE, ETC. EASILY ACCESSIBLE. YOU MAY USE HALF OF THE COUNTERTOP AND MOST OF THE APPLIANCES EVERY NIGHT. DO NOT LEAVE CLEAN DISHES IN THE DISHWASHER DURING THE DAY.
- HAVE ANY NEW UNDER-CABINET LIGHTING INSTALLED BEFORE REFACING BEGINS.
- CLEAR THE COUNTERTOPS DAILY OF ALL DISHES, DISHRACKS, DRAIN MATS, SPONGES, BRILLO PADS, SOAPS, AND SOAP DISHES. HOWEVER, PLEASE LEAVE PAPER TOWELS AND LIQUID SOAP.
- LEAVE THE KITCHEN TABLE AND A CHAIR OR TWO.
- REMOVE MAGNETS AND PAPERS FROM REFRIDGERATOR. LEAVE THE REFRIDGERATOR IN PLACE.
- REPLACE BURNED OUT LIGHT BULBS BEFORE THE JOB BEGINS TO PROVIDE A WELL-LIT WORK ENVIRONMENT.
- PLACE DAILY GARBAGE AND PET FOOD OUTSIDE WORK AREA.
- IT IS NECESSARY TO HAVE AN AREA FOR MY TABLESAW AND JOB MATERIAL STORAGE. ONE SECURE GARAGE STALL FOR THE DURATION OF THE JOB IS TYPICAL.

PLEASE POST THIS ON YOUR REFRIDGERATOR
FOR EASY REFERENCE.
